INTRODUCTION

Indianapolis Urban League (IUL), with support and in partnership with National Urban League (NUL), the African American Coalition of Indianapolis (AACI), its member organizations, community groups, faith-based organizations, corporations, foundations, local and state public agencies and individuals, is implementing the Indianapolis African American Quality of Life Initiative (IAAQLI). Funded through a $100 million grant to NUL from Lilly Endowment, the IAAQLI is mobilizing African American resources while also building collaborations and partnerships to elevate the quality of life of African Americans in Indianapolis/Marion County.

IAAQLI focuses on five priority issue areas affecting the quality of life of African Americans in Indianapolis: Business & Entrepreneurship, Education, Employment, Health and Wellness, and Housing and Homeownership. This Request for Proposal addresses the issue of Education. IAAQLI invites eligible applicants to submit projects/programs that address the strategies to Improve Educational Outcomes for Black Students in Marion County.

BACKGROUND:

NEED: IMPROVE EDUCATIONAL OUTCOMES FOR BLACK STUDENTS IN MARION COUNTY

Research on the education of African American students in the state of Indiana indicates over-enrollment in schools performing at the “D” and “F” levels, student performance scores and graduation rates far below their white peers, over-enrollment in special education and lower participation in accelerated and talented and gifted programs, and higher suspension and expulsion rates than their white peers. These disparities, among other factors such as poverty, funding inequities for urban schools, the existence of public policies that fail to meet the needs of diverse learners, the impact of COVID-19, and systemic and institutional barriers, all create significant impediments to student achievement. These conditions are often coupled with an administrative and teaching force that lacks training in the development and maintenance of a culturally responsive learning environment with high expectations for student achievement. Such inequities contribute to a shortage of school leaders and teachers of color. Research indicates the significantly positive impact on academic achievement of Black students when there are concerned Black teachers teaching and serving as role models in their schools.
SUMMARY OF EXPECTED OUTCOMES

INITIATIVE GOALS AND SCOPE

IAAQLI STRATEGY TO RESPOND TO THE NEED

One of IAAQLI's goals is to strategically employ grant funds to increase access to and receipt of culturally relevant, equitable instruction, highly trained and effective educational structures and resources, and social support for optimal outcomes for African American students in Marion County, both academic and social.

Under IAAQLI, NUL has committed $3,000,000 in funding for this strategy with grants ranging from $75,000 up to $400,000 for up to three (3) years.

Award amounts are subject to change.

IAAQLI has identified three strategies to respond to the need:

Strategy 1: Development of Teachers, Administrative and Curriculum Leaders
Strategy 2: Recruiting and Retaining Teachers and Leaders of Color
Strategy 3: Promoting Early Childhood Education for Black Children

The goal of each strategy is to accomplish the following:

STRATEGY 1: Development of Teachers, Administrative, and Curriculum Leaders

Invest in the development and implementation of programs, initiatives, and organizations with goals to strengthen both pre-service and practicing PK-12 teacher training to develop skills in delivering culturally responsive pedagogy, discipline practices, and consciousness of and the ability to engage learners suffering from childhood trauma and/or toxic stress.
**STATEMENT OF PURPOSE FOR STRATEGY 1: DEVELOPING TEACHERS AND LEADERS**

a) Investments will target organizations that address capacity building in pre-service educators, educators in the field, and current and future leaders in areas of cultural responsiveness, child and brain development, restorative and trauma-sensitive practices, culturally relevant pedagogy, including the restoration of standards of excellence, high achievement and personal responsibility. Social justice instruction, self-advocacy and educational transformation are important topics for educators’ knowledge and development of their skills in conveying important concepts to students.

b) Funding priority will be given to institutions with innovative strategies to improve teacher and leader practice, and administrative policies that improve educational outcomes (academic and social) for students of color, especially African Americans.

**STRATEGY 2: RECRUITING AND RETAINING TEACHERS AND LEADERS OF COLOR**

Invest in approaches that result in the recruitment and retention of teachers and leaders of color, especially Black and male teachers, in educational institutions with high populations of students of color, especially African Americans.

**STATEMENT OF PURPOSE FOR STRATEGY 2: RETAINING TEACHERS AND LEADERS OF COLOR**

a) Investments will target initiatives, institutions, and programs which aim to address the minority teacher shortage, burnout rates of minority teachers, and dearth of leadership opportunities in K-12 education for persons of color, especially Black/African Americans and African American males.

b) Funding will be available to not-for-profits, technical assistance organizations, universities/colleges, and community agencies with articulated programs to address these gaps in the field, especially where formalized and institutional partnerships between groups enhance recruitment, hiring and retention.

**STRATEGY 3: EARLY CHILDHOOD EDUCATION FOR BLACK CHILDREN**

Invest in the development and implementation of programs, organizations, and efforts that increase access to and increased participation in high-quality universal Pre-K for Black/African American 3-and 4-year-olds.
STATEMENT OF PURPOSE FOR STRATEGY 3: EARLY CHILDHOOD EDUCATION FOR BLACK CHILDREN

a) Investments will target community-based organizations, churches, schools, and programs focused on providing highly rigorous, culturally responsive, and developmentally relevant early-learning experiences for children 3-4 years of age.

b) Funding priority will be given to programs demonstrating the following:

1. A capacity to provide full-day services and evidence-based programming that offers academic, social, and emotional development and racial socialization, and
2. Capacity to address adverse childhood experiences and exposure to trauma and toxic stress, especially for low-income Black/African American children.
3. Special preference is for high quality programs as identified by Levels 4 & 5 Paths to Quality.
